COUNTY BUDGET $91.8 MILLION; UP $5.4

L.G. Road Project Lost As Supervisors Cut County Budget

SAN DIEGO (CNS) — Four big road projects, two in Lemon Grove and the others in Chula Vista, and Vista were killed Friday by the County Board of Supervisors in last-minute budget-paring.

Supervisor R. C. Cozens fought to the last for inclusion in the budget of $500,000 of general funds to be used for road purposes.

A letter opposing the proposal was filed by Supervisor David Bird, in whose district most of the work would be done, but Bird abstained from voting.

The three Supervisors representing City of San Diego districts, Robert C. Dent, De Graff Austin and Frank A. Gibson voted against the measure, which had the support of the San Diego Taxpayers' Assn.

Part of the $500,000 was intended for widening Skyline drive from Canton to Alton, and for widening Kempf from Lincoln to Broadway, L.G.

Bird opposed the proposal because money to pay the cost would come from taxes on automobiles collected by the state and returned to the counties. These are personal property taxes, and road improvements should be financed from gasoline taxes, as at present, Bird declared.

Bird called Cozens' proposal a "tax on every home owner within the county."

A road policy committee appointed by Supervisors recommended that $500,000 per year in vehicle taxes now going into general funds be diverted into road improvement projects, until the total of these taxes now close to $4,000,000 per year, is being used for roads.

Lemon Grove Girl Becomes Tennis Champ of S. Cal.

Miss Vogt

Cynthia Vogt, 14, of Lemon Grove won over 39 other top tennis players in her division in the Southern California 16th Annual Junior and Boys and Girls Tennis Championships at Los Angeles from June 20-24.

It is the same title she won last year. The Los Angeles win represents an important step forward in a comet-like 4-year tennis career. It entitles her to play in a regional tournament in St. Louis, Mo. on July 16 and at a national tourney at Chattanooga, Tenn. on July 22.

Miss Vogt becomes a freshman at Mt. Miguel High school in the fall. She is the daughter of Mr. and Mrs. H. R. Vogt of 8125 Roy st., L.G.

Other recent wins include a first at Whittier and a second at Long Beach, both in 1962.

Sups Slash $1 Million From 1962-63 Budget

SAN DIEGO (CNS)—A county budget for 1962-63 totaling $91,885,406 was approved Friday by the Board of Supervisors. This compares with $86,483,939 for the current year.

The Board slashed $1,028,246 from next year's expenditures at the close of its Friday hearings. It is $5,401,467 higher than this year's spending.

Major items cut from the budget were $500,000 to be used for road improvement, $100,000 from funds for building the Vista regional county center, $71,260 for a third courtroom at El Cajon; $100,000 from the funds for the operations center on Kearney Mesa, $105,270 from branch welfare building projects and $40,000 from the contribution asked by the San Diego Convention and Tourist Bureau.

The tax rate for the coming year will be set by Supervisors this summer, after a report on present assessed valuations is received from Assessor John McQuilken and an estimate of other revenues and surplus is presented by Auditor A. H. Mueller.

T. M. Heggland, chief administrative officer, predicted June 14 that there would be no increase if Supervisors left out from the budget the proposed $500,000 to be spent for road improvement.

The Board Friday cut that item from the 1962-63 list of expenses, plus more than $500,000 more.

But Supervisors still refused to predict that the rate will remain at the current $2.148 per $100 of assessed valuation. In fact, there persists a general feeling that some increase may be required.

Claims Tallest Sunflower Here

AS HIGH AS AN ELEPHANT'S EYE — Just like Oklahoma's vaunted corn grows Lemon Grove's tallest? sunflower. In the yard of Charles Hesser, a L.G. realtor who lives at 8512 Golden ave. is a sun flower 16 feet tall . . . and still growing, he says. Adding to the attractiveness of the scene is Susan Ouellette, a freshman at Grossmont college who was a runnerup in the recent Miss Lemon Grove Fairest contest.

L.G. School Tax Rate To Be Cut 8 Cents

L. G. Elementary School District trustees approved a budget for 1962-63 of $1,700,000, down $19,000 from the present one at the regular meeting Monday night.

The new tax rate will be 8 cents lower but the cut is due to a reduction in state bond redemption. The new rate should be $2.423, Byron Netzley, district superintendent said. This year's rate is $2.505.

The budget will now be submitted to the county school superintendent for checking and revision and the budget will be adopted, with or without revisions, at the board's July 9 meeting.

The board, in other action, approved annual increment raises for non-teaching staff. A 10 and 15 years step was added. $3,696 was budgeted to accommodate the change.

Assistant Superintendent Sam Solleder told the board that a few more than 1,000 pupils were scheduled to take the district's summer courses at three schools.

Final action on a zone plan for 130 acres on both sides of the new freeway route south of Campo rd. was put off Friday to allow the County Planning Commission to study complaints of the property owners. Permanent zoning would follow closely interim zoning now in effect.

About 15 property owners spoke Friday, most of them asking for more "c-" zoning which would permit heavy commercial and some manufacturing.

Those who spoke included Helen McGuffin, George Little, Seth Jenkins, Mildred Day, C. D. Adams, A. C. Macias, Vincent Capozzoli, Mrs. L. M. Venable, Chet Smith and Mrs. S. Gay. In addition, the Whitecake, Parker, Banfill, Sturdevant and Baldwin properties were represented at the hearings.

The commission ordered its staff to summarize the proposals made by the property a subsequent meeting.

Action was also delayed on a zone change for about 12,000 square feet south of Campo road, at Hollyhock rd.

The commission said it wanted to make the decision on this piece and the larger area at the same time.

L.G. Soroptimists Make 'Joy Of Achievement' Award

Mary Geraldine Watmore, a Mt. Miguel High school June graduate and daughter of Mr. and Mrs. John A. Watmore of 2509 Central ave., Spring Valley was the recipient Wednesday morning of this week, of the Lemon Grove Soroptimist Club's annual Joy Of Achievement Award.

The presentation was made during the Club's breakfast meeting at the Country Kitchen. Miss Watmore received a pin of distinction and her name will be inscribed on the four-trophy which remains in the feet high Soroptimist Club's showcase with other trophies at Mt. Miguel.

Mrs. Arlene Wilson of the Club said that the local honorary award is the only one of its kind made in the world. Other Soroptimist clubs make similar awards but use different names. The Mt. Miguel faculty, not the club decides on the recipient and four factors—sportsmanship, scholarship, citizenship and service—are taken into consideration. The name of the award is taken from the Soroptimist creed.

The Day They Expelled God

The supreme court slammed the door shut on the Lord Monday with its ruling that the opening prayer, or any prayer for that matter, was out of order in our nation's schools.

Those who arrived at that decision under the belief that a firm line of separation between church and state was being maintained were not in a completely valid position. A moment of prayer to our Creator who makes all things, including the supreme court possible, cannot be labeled religious instruction. Even the atheist was protected under the old prayer policy because no one was forced to say the prayer. The atheist could speculate on his godless world while others thanked their Lord for making it possible for anyone, even an atheist, to attend public functions. Without indignity or embarrassment.

The nondenominational prayer offered at schools swayed no youngster toward or from any religious philosophy but it did teach him, as he will appreciate as he matures, that no big or important undertaking should ever be started without looking beyond himself for aid. . .and every day at school is an important event.

Lack of public thanksgiving by prayer is a distinguishing characteristic of communism, and the court, in its ruling, has made the U.S. citizen conform that much more to the communist image. Our nation will endure in this world of turmoil and revolt if the guide lines of spiritual training and morality are tightened, rather than loosened.

Homes Imperiled

KIDS PLAYING WITH MATCHES START 4 FIRES

Lemon Grove firemen faced an old enemy—reinforced by school being out—during this past week, when children playing with matches were known to have started four fires and possibly another, according to Capt. Harry Alexander.

The blazes could have developed to the point where they would have done thousands of dollars damage to nearby homes, Capt. Alexander pointed out.

The worst of the child-started fires was at Jamacha and Glencoe, on the edge of Lemon Grove, where two San Diego units and three from the L.G. Fire Department battled a six-acre fire at noon on June 20. The mutual aid fire endangered about eight homes, Capt. Alexander reported.

CHILDREN FOUND

San Diego Fire Department officials found the children.

The fast-moving grass fire was the worst of the season for Lemon Grove.

An eight-year-old boy was talked to by L.G. fire officials and turned over to his parents after a fire he started with matches burned almost a quarter of an acre at 2055 Bonita st. on June 22. Firemen received the call at 11:42 a.m.

Another boy, also 8, started a fire with matches at 2369 El Prado st. on June 23 and firemen got the call at 10:40 a.m. The fire, starting in grass, got inside an old shed and burned for awhile before being put out.

BOMB EXPLODED

A firecracker bomb fashioned by boys and set off with a match at 7816 Nichals st., got a fire going on June 25 on the canyon rim and charred nearly one-half of an acre not far from homes that could have been severely damaged, according to Capt. Alexander. He said that neighbors fought the fire with garden hoses, controlling it until firemen arrived after getting a call at 4:07 p.m.

The custodian at Vista La Mesa Elementary school called in a fire on June 25 at 4:18 p.m. that was burning along the school property line by the fence. Although no damage was reported, firemen suspect kids with matches ignited this one too, Capt. Alexander said.

About the only fire that was not started by children with matches, Capt. Alexander reported, was one that did $35 damage to the back seat of a 1958 Buick where it was parked at 7846 Broadway. Firemen believed cigarette ashes flicked by accident through the window got the fire started. Owner of the car was George Vonkoschielski. Robert Vuthaus phoned the fire in.

BROADWAY LIGHTS BID AWARDED

SAN DIEGO (CNS)—A contract for installation of ornamental lighting in the business section of Lemon Grove was awarded Tuesday to Fishbach and Moore, Inc., by the County Board of Supervisors.

The company made a low bid of $14,499. Supervisors were told that the method of preparing the bid was irregular, but that it could be accepted, and the irregularity was waived.

The lights are to be installed on Broadway, Lemon Grove, in what is now the right of way in the street. Later, Broadway is to be narrowed and the lights will then be behind the curbs proposed for the thoroughfare.

Supervisors held two hearings before deciding to go ahead with putting the ornamental lighting project out to bids.

TRIAL SET IN EXPOSURE CHARGE

CAR WINDOW WITH A VIEW

Robert Elliott Smith, 18, 559 Broadview, Spring Valley was released on bail this week after being booked in county jail on a charge of indecent exposure.

Two reports were made to the sheriff's office by Spring Valley women concerning Smith's activities.

Mrs. Ann Fuller Courtney, 20, 4645 Resmar, Mt. Helix said that Smith drove his '61 Corvair into her driveway and asked her to go to the beach with him. She said she is an acquaintance of Smith's wife Barbara. When she approached the car she observed that he was naked from the waist down. She fled.

Later Mrs. Gaynor Marie Godenius, 18, 6245 Stanley ave., S.D. a car-hop at a Spring Valley drive-in said that she observed Smith's condition of nakedness as she wrote an order for a hamburger he was ordering. The manager called the sheriff's office and they allegedly found him in the same condition when they placed him under arrest.

Smith's case will be heard Friday in El Cajon Municipal Court.

BONES FOUND

H. L. (Hank) Bauer, 8832 Zabel ct., S.V. took a collection of bones to the sheriff's office after he uncovered them while digging a ditch on his property Sunday.

Bauer said there appeared to be pieces of metal scattered in the ground which disintegrated when he attempted to lift them out.

A historian of Spring Valley apprised of the find, said it might possibly be the remains of some one of the men who had died in the pitched battle in 1801, between the Spanish Rancheros and the Indians, for possession of the property. This is the ground, she said where the battle raged for three days.

The Sheriff's Dept. are submitting the material to a laboratory test.

How to discourage burglars, *when away*

Prepared as a Public Service by the Burglary Prevention Week Advisory Committee, 11 S. Morgan St., Chicago 7, Illinois.

CONNECT TIMER TO LAMP

A darkened house, or a light that burns all night, attracts burglars. Use automatic timer to turn lights ON and OFF each evening. This makes house look lived-in and is a good protective measure.

LEAVE BLINDS PARTIALLY OPEN

Tightly drawn blinds may keep the sun out, but also betray your "absence." Leave curtains and blinds as you normally would, when home.

CANCEL ALL DELIVERIES

A littered porch and lawn means you're away. Arrange to have mail held and all deliveries suspended during your absence. Ask a neighbor to sweep your sidewalk and mow your lawn, too.

NOTIFY POLICE

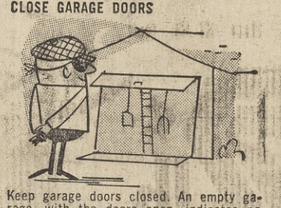

Tell one neighbor and local police of the dates you'll be away. They can keep an eye on things during your absence.

LOCK ALL DOORS AND WINDOWS

Securely lock all doors and windows. Use safety latches on doors and windows, too. Don't make a burglar's job easy!

CLOSE GARAGE DOORS

Keep garage doors closed. An empty garage, with the doors open, indicates no one is home. It's a good idea to keep garden tools and ladders locked up, too. Otherwise a prowler may use them to get into your home.

Donovan Names Campaign Aide

La Mesan Herbert A. Sichler, 1680 Zelda ave., has been named Campaign Assistant to Richard J. Donovan, Republican Candidate for 77th District Assemblyman. A former Central Ohio newscaster and Public Relations man, Sichler will handle press, radio, and television relations for the Republican Candidate during the campaign leading to the General Elections Nov. 6.

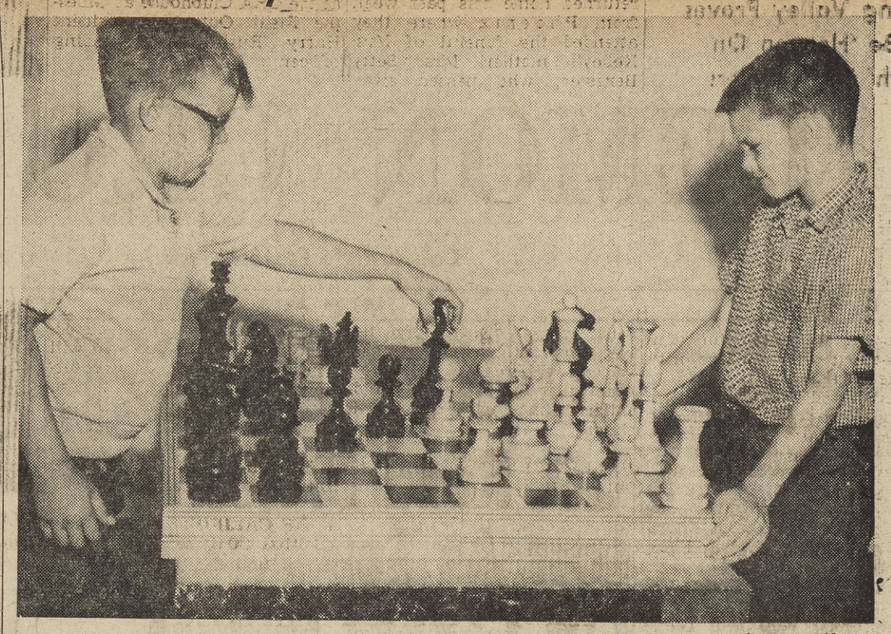

Sichler accompanied Donovan to Sacramento, Wednesday, to attend the special session of the California Assembly at the special invitation of Assemblyman John A. Busterud, Republican Caucus chairman.

"We intend to get acquainted with as many Assemblymen as possible and to study closely complex functioning of the legislative processes," Sichler announced. "After all, there is no experienced candidate running for any of the new San Diego Districts. The more we learn before the election, the better the job we can do for our district."

Regarding the future of the Republican candidate, Sichler stated: "We realize that we're out-registered by Democrats in this district, but the repeated re-elections of Sheridan Hegland encourages us to believe most of these Democrats are sensible, cost conscious voters who endorsed his viewpoint instead of the free spending liberals now seeking office. These voters are independent thinkers who will vote as their intelligence dictates, not slavishly as their party dictates."

Taxes have existed since the beginning of recorded history.

S. V. Elementary School Holds Chess Tournament

TOP TWO — S. V. Elementary school held its first chess tournament from May 22 through June 1. Champ Steve Tresser (left) is shown in the tourney's final game with Bruce Kerns, second in the playoffs.

A chess tournament held at Spring Valley Elementary school from May 22 through June 1 attracted 11 of the kids as contestants, others as spectators and, for a time anyway, usurped television's evening throne.

The kids enjoyed the chess tourney enough to stay after school to play in it. One girl took part—sixth grader Cherie Miller. All young participants, whether pondering over their next move or actually losing their men on the little checkered field of battle, refrained from throwing the unusually large chess pieces at their opponents.

Teacher James Stevenson, a member of the San Diego Chess Assn. got the Chess Club started at the school and held the tournament after the youngsters got in some practice at the ancient game. This indoor sport that perplexes some adults proved to be a snap for the kids. Tournament winner Steve Tresser, 11-year-old sixth grader, went home and defeated his father. The Tresser boy won over Bruce Kerns, 12, a player who went undefeated otherwise and therefore took second place in the tourney.

Other young brows furrowed by endeavor over chessboards were those belonging to Randy Miller, Chuck Downing and Kenneth Lindeneau, who tied for third place. Cherie, the feminine invader of a man's world, placed sixth.

Winners of the tournament received awards at the annual award's day assembly held at the close of the semester. Teacher Stevenson said he believed chess activities help develop powers of reasoning and concentration in the kids, and the Chess Club will be resumed in the fall. In the meantime, very likely, certain Spring Valley fathers will be hurrying their youngsters into little league baseball.

Valley De Oro Yankees Finally Are Defeated

A smashed winning streak and a rush of home runs, marked one of the most exciting weeks of the season in the Valley de Oro Little League Majors, this past week.

After a perfect 14-game winning streak, the Yankees finally suffered their first defeat at the hands of the fourth-place Colts in a tight 2 to 1 battle, with Glen Takahashi as the winning pitcher. The Colts' winning score was made when with one man on, Wayne Comfort slammed out a home run.

The confident Colts then threatened to defeat the second-place Lions in a seven-inning overtime game on Saturday, and were leading by 1 to 0. Then Lion Tim McCarthy, with three men on base, knocked out a grand-slam homer, ending the game in a 4 to 1 victory for the Lions.

Home runs were also hit during the week by Tommy Matters of the Dodgers; Ricky Ooms of the Yankees; John Douda of the Rams, and Kim Breedlove of the Rams. Standings to date for the Majors are: Yankees, 15 wins and 1 loss; Lions, 10 wins and 6 losses; Rams, 8 wins, 8 losses; Colts and Dodgers, 6 wins and 10 losses, and Cubs, 3 wins and 13 losses.

Many types of large jets require over 700 gallons of pure water for each engine at take-off. The water (1) cools the compressor and (2) gives mass to the jet stream to obtain maximum thrust.

News Of Spring Valley's Trailerites

Spring Valley Proves To Be 'Heaven On Earth' To Travelers

by Margaret Gill

Well, some of our vacationers have returned to the park, and others are just leaving. Bill and Evelyn Westfall returned Thursday after a trip to Texas to see their children, and they are sure that this location is heaven on earth after being in temperatures of 112 or better. Our lovely pool is where they will spend the rest of the summer—along with the majority of the park residents.

Russell and Dorothy Himmer left this week with their travel trailer for Salt Lake City and other points east.

RETURN FOR VISIT

George and Vera Yelland, former residents of the park returned for a few days visit and they enjoyed a salad luncheon in the park with some of their former neighbors. They now live in La Habra but they say they miss our park and friends. Mabel Cameron and Jeannette Heegel arranged the delicious luncheon.

Eddie and Helen Walgren are leaving this weekend to pick up their travel trailer at Salton Sea from where they will go to Riverside to attend a wedding.

The Town and Country Mobile park's shuffleboard team members were guests of ours Friday, June 23 for a matched game. A good time was had and everyone enjoyed the nice luncheon by the pool prepared by a group of ladies of our park headed by Mabel Phillippe and Jeannette Heegel. What a grand bunch of willing workers we have among our ladies.

NEWCOMERS WELCOMED

We welcome the following new residents to our Park: Margaret and Edgar Asbury, Harriet and Buford Atterbury, Mrs. Josephine Blake and Violet Campbell, Zella and Carl Custer, Shirley and Daniel Hintz, Joyce and Walter Kammer, May and John Mills, Zerita Shoemaker and Carrol and Bob Williamson.

HAPPY BIRTHDAY!

Happy Birthday to one and all, who celebrated birthdays during the first half of June: Mae Longbottom, Hope Barney, Dixie Wiseman, Harriet Atterbury, Eddie Walgren, June Gage and Jesse Rouse.

Some of our folks observed wedding anniversaries and we join in wishing them another happy year: Harold and Leone Schmuck, Scotty and Betty Scott, Glenn and Mabel Wyse, Herman and Beulah Randolph, and Bob and Clara Sumpter.

"Ground-breaking" programs in police science, industrial electronics, data processing, technical illustration and merchandise-management training will be offered at Grossmont College next year among the more than half a hundred new courses to be presented.

Pointing out that community demand accounts for most of the new offerings, dean of instruction Charles C. Collins noted that Grossmont will provide many new courses in arts and humanities as well as in business and science.

MOESER, DONNELLEY TO HEAD BROWN-FOR-GOVERNOR-COMMITTEE

William C. Moeser, Democratic Central Committee chairman, San Diego County, for 1961; and J. A. Donnelley, active Democrat, have been appointed finance co-chairmen of the Committee to Re-Elect Governor Brown, it was announced by W. J. Schall, county chairman.

Moeser, prominent businessman, has been credited with raising more money for his party than any other local Democrat through decades of Democratic activity at state and local level, Schall said. Donnelley, well-known attorney, was San Diego chairman of the Governor's 1950 campaign for Attorney General; and finance co-chairman in 1958 for Attorney General Stanley Mosk's campaign.

Blind Spring Valley Man Wins Master's Degree

The old adage, "Persistence Wins" may sound a bit "corny" to some people, but not to Robert Eugene Cummings of 3932 North Bonita st., Spring Valley.

"Bob" who has had the loss of his sight since 1958, due to Eals disease, this month graduated from San Diego State College. He entered the graduate history department in Sept., 1960 and this month has been awarded his master's degree. He is the first blind student at San Diego State to receive a master's degree as a history major.

GOOD LISTENER — Robert Cummings, blind student from Spring Valley is shown wife his wife, Norma and son, Michael on campus on graduation day when San Diego State College conferred upon him a Master of Arts Degree in History. Bob had been given a tape recorder by the S. V. Lions. Also, people read to him by the hour. He's ready now to conquer work toward a doctorate degree at the University of Missouri.

GETS BA IN '53

Bob was awarded a B.A. degree at the University of California at Berkeley in 1953. That same year he joined the U.S. Navy and was discharged in 1957. He and his wife—the former Norma Lawrence, daughter of Mr. and Mrs. Reasie Lawrence of the Casa de Oro area of S.V.—were married in 1956. He was a communications officer at ComAirPac at North Island, and also served aboard the U.S.S. Point Cruz.

Following his Navy discharge, Cummings worked for Wells Fargo in San Francisco. It was there he lost his eyesight, so he and his wife decided to move to Spring Valley.

Cummings entered San Diego State College in Sept. 1959, and through the kindness of his many friends was able to go to and from college. He was invited to join the national honorary history fraternity, Phi Alpha Theta.

Soon after he entered college, the S.V. Lions Club presented Bob with a tape recorder, which has helped him over some of the "rough spots," according to Norma. Also his wife and Mrs. Mona Krumholz, a neighbor have read to Bob for many hours, and another friend, Mrs. Roby Magnison of San Diego has helped with Bob's typing.

Bob's Master Thesis is entitled, "The History of the Sheltered Workshop Movement in San Diego County" and has to do with three major sheltered workshops in the county—Goodwill Industries, California Industries for the Blind and Sheltered Workshops of San Diego, Inc.

HAS 3.5 AVERAGE

During his time at San Diego State Bob Cummings maintained a 3.5 on a scale of 4.0 for his graduate work.

But the biggest thrill for the Cummings family came recently when they heard that he had been accepted by the University of Missouri (at Columbia, Mo.) for work toward a doctoral degree in education with emphasis in Vocational Rehabilitation Counseling.

He also has been awarded a federal scholarship grant for his doctoral work, which will begin in September.

Mr. and Mrs. Robert Cummings, and five-year-old son, Michael will leave for Missouri in August.

Candidates Must Show Campaign Expenses Grand Jury Warns

The County Grand Jury has warned all candidates, their campaign committee, and the general public of the requirements of the California election laws relating to reporting receipts and expenditures for campaign expenses.

All candidates at the Direct Primary Election, including persons seeking election to a county central committee, are required to file a campaign statement. A campaign expenditure statement is also required of any committee or group of persons organized for the purpose of conducting the election campaign of any political party or of any candidate or group of candidates.

The Election Code requires, among other things, that all moneys paid, loaned, contributed, or otherwise furnished to the candidate or the committee for use in the campaign must be reported. The report must show the names of the donors by whom the funds were contributed, and the purpose for which the funds were expended.

Students Get Awards From S.V. Welfare

The Spring Valley Community Welfare Inc. this past week presented awards to local students. Two Girl Scout campers-hips were given to two Girl Scouts in the name of the "Lewis and Clark Campership" program. The name was coined from the names of two women of the Welfare who instituted the campership program, Mrs. Thelma Lewis and Mrs. Mary Clark.

The two other awards were from the Jessica Higbie Scholarship program, and went to two Mt. Miguel graduates who are to study in the field of medicine. The two students are Martha Irwin and Richard Rankin; Martha will study to be a nurse and Richard to become a doctor.

One regular Girl Scout campership is presented each year, and two scholarships. Money for these two programs are derived from the sale of used goods at the Economy Shop on Bancroft dr., and the Thrift Shop on Gillespie st. in south Spring Valley—both Welfare projects—and from donations by organizations and individual citizens.

Social Security Question Box

Social Security Editor

The following question illustrates a widespread confusion about household help under social security:

QUESTION: Two years ago we had a woman come in to clean our house twice a week. At that time she asked us not to take social security taxes out of her pay because she was going to report her own earnings. Recently she has changed her mind and wants us to do it. What should I do?

ANSWER: She should report her own earnings only if she is self-employed. This is unlikely unless she represents a janitor service. She would then probably have a business name. She would use her own methods and equipment and would probably hire someone herself to do the actual work. She would offer to do the job for a certain price regardless of the hours worked. If the results were not according to the contract specifications, you could sue her, but you could not fire her without being liable for the contract price.

This question is related to the one above:

QUESTION: How regularly does my housekeeper have to work before I must pay social security taxes on her wages?

ANSWER: If you pay her $50 in a calendar quarter, you have to withhold taxes from her wages and pay the matching amount. Currently this is 3⅛ per cent of her gross pay and the same amount from you.

Readers are invited to write to Guy Deeks, c/o this newspaper regarding any questions they have regarding Social Security. Best questions will be used in this column. Names aren't used with questions.

Chargers' Hudson Pens '62 Contract

SAN DIEGO — Big Bill Hudson, San Diego Charger defensive captain in 1961, has signed his '62 contract, general manager-head coach Sid Gillman announced.

Hudson, a giant of a tackle at 6-5, 277 pounds, is a charter member of the Charters' storied "Fearsome Foursome," football's largest defensive line which also includes ends Earl Faison (6-5, 256) and Ron Nery (6-6, 244) and tackle Ernie "Bigger Than Daddy" Ladd (6-9, 317).

The 26-year-old Hudson will be entering his second season in the American Football League with the Chargers, having joined them in '61 after four highly successful years with the Montreal Alouettes. In fact, Hudson was runnerup for "Lineman of the Year" honors in '60. He and Sam Etcheverry are among the most renowned of former Alouettes.

Fullback Charlie Flowers, one of the most heralded All-Americans in the last decade, has signed for his third season with the San Diego Chargers, General Manager-Head Coach Sid Gillman announced.

Flowers, who gained fame while at the University of Mississippi, stands 6-1 and weighs 219 pounds.

1,154 'Driven To Death' In State Accidents In '61

Last year, 1,154 innocent people—persons who had no control over their fate—met death on California's highways. They were passengers in vehicles involved in fatal accidents.

"They literally were driven to their deaths by someone else," said Highway Patrol Commissioner Bradford M. Crittenden.

"Perhaps too little emphasis has been placed on the responsibility assumed by drivers when they have others in their vehicles.

"The violations, the thoughtless acts of a careless or inconsiderate driver imperil not only himself. They jeopardize the lives of his passengers, persons who have no way of protecting themselves.

"The only thing that stands between life and death for those who ride with you is your attention to the vital task of driving your car.

"Compliance with law, patience and courtesy—these are the marks of a driver who makes safety more than a goal; he makes it a reality for both himself and those who share his vehicle."

Same Tax Rate Seen For L.G. Fire District

The Lemon Grove Local Fire District adopted a budget of $238,436 Monday night and commissioners said the present 62.9 cents of each $100 assessed valuation tax-rate would not have to be raised.

The hold-the-line statement was predicted on the assessor's estimate that valuation in the fire district would be as much as 3 per cent higher than the year before. The rate would remain the same if the increase in value is as low as 2 per cent.

At the budget hearing, a request for a 5 per cent increase in wages was rejected. Commissioners pointed to the $11,000 retirement fund item in the budget which represents more than 10 per cent of $105,732 set aside for salaries. The retirement plan, which is one year old, includes paid up insurance for the men.

Commissioner Vaught said Tuesday that the gross salary income schedule in Lemon Grove exceeds that in many other districts.

The budget includes $121,852 in total salaries and wages; $19,934 for maintenance and operation; $4,650 for capital outlay and $92,500 in the reserve account.

Of the $238,436 budget, only $168,436 will have to be raised by taxation, Vaught pointed out.

LETTERS TO THE EDITOR

Dear Editor:

I fear I may get a reputation for being a chronic complainer but certainly right things are right and wrong things are wrong and either your story regarding the assessments for Casa de Oro improvement was wrong or I'm being taken advantage of by the county officials.

Your story states that the 1960 estimate was $104,313. Mine was $17,965 at that time or 17.2 per cent of the total assessments actually came to $118,889 in May 1962. Mine came to $23,519 or 19.7 per cent. When the $104,313 assessment total was reduced to $91,997 or 11 per cent reduction, mine was increased from the 1960 estimate of $17,965 to $18,879, an increase of $914 or 5 per cent. I am now being charged 20.5 of the total.

If assessments were equitably levied it is quite patent that I am being bilked by the county to ease the tax burden of other assessees.

Neither has the County Public Works Dept. designated responsibility for a dangerous catch basin installed on the improvement site.

I do not feel that with the above figures I should be included as a benefactor of the ¼ cent increase in county taxes.

Slow Drivers Are In A Jam

The officers who proudly wear the blue and gold uniform of the California Highway Patrol are on the move all over the state because of a disturbing traffic situation.

The situation is caused by highway drivers who, because of pre-occupation, ignorance, or plain perverseness, fail to move to the right-hand lane when their speed is less than the flow.

You and I have the intelligence to drift to the right when we are moving slower than the traffic around us, but there are always elderly ladies wearing tennis shoes, old gents with tri-focal glasses and hearing aids, and the young, defiant drivers who simply don't give a darn, and others of various ages and sexes, who apparently feel they have staked a claim in the traffic lane they occupy and, by-George, they're not about to relinquish their property

Concerning this problem came two knowledgeable C.H.P. officers who are charged with informing the news media of the county that the Patrol is presently taking a dim view of the frustrating driving practice. Officer John Annis, who lives in Lemon Grove, and Officer Ed. Widholm, in presenting the case for the safety of all drivers said poetically,

"If you're passed on the right
A citation's in sight."

The law governing this aggravating situation is simple and its concept is just. The California Senate, in passing Concurrent Resolution No. 28 points to Sect. 21654 of the Vehicle Code which requires slower moving vehicles in a multi-lane highway to occupy the right hand lane except for overtaking, passing, or when preparing to make a left turn.

Failure to obey this regulation causes traffic congestion, changing and re-changing lanes, overtaking and passing on the right which is undesirable, and following too closely.

It also causes driver irritation and impatience which result in faulty driver judgment. These people then perform driving acts ordinarily alien to otherwise good driving practices, say the sponsors of the Senate Resolution.

Safe smooth and rapid flow of traffic is interrupted and accidents increase out of proportion to traffic density when drivers fail to slip into their proper speed slot. A single, stubborn driver can cause multiple accidents over a 20-30 mile area as long as an hour later.

In the Resolution, which is undated, the Senate orders the C.H.P. to take necessary steps to enforce the slow driving Code.

In turn, C.H.P. local commander, Capt. Roland Gautche has instructed his men to heed the directive and he has ordered vigorous enforcement.

So there you have it! If you are passed on the right, something's wrong. Conversely, unless you are moving faster than vehicles on your right, move over!

School Board Adopts Preliminary Budget; $72,000 Cut Off

The La Mesa-Spring Valley School District board of trustees at their Monday night meeting adopted the preliminary budget for the 1962-63 year. The budget is in the amount of $5,019,523 and $72,000 was cut from the original $5,091,523 at an earlier date. The budget will be sent to the County Superintendent of Schools for his approval. The public notice will appear July 26 and the public hearing August 1.

Several members of the Better Schools Assn. appeared at the meeting to suggest that more—$275,400—be cut from the budget. However, the board of trustees said it would be impossible to cut the budget more and that they were trying to keep it at an economical figure.

The board also voted to name the new proposed school in the La Presa area of Spring Valley, the "Kempton Elementary School." This was over protest of Ed Fackler Sr., La Presa realtor who said he would like to have the school named the "La Presa Elementary School." The board pointed out that it owns property on La Presa ave. and that when a school is built there, that one will no doubt be La Presa Elementary School. The board pointed out that the La Mesa-Spring Valley School District usually names schools after streets they're on, except in a few instances.

S. D. COUNTY'S BACKYARD SWIM PROGRAM GAINS WIDE ADMIRATION

Local 'Waterproofing' Of Children Underway

by Pat McGehee

The whole country has its eye on the backyard swim program co-sponsored annually in San Diego County by the Red Cross and PTA, according to Mrs. Vini Sozzani of Lemon Grove, area chairman of the program.

By the end of August, some 1,500 grade school children who live in Lemon Grove and Spring Valley will have been taught water safety and the beginning phases of swimming. This is accomplished in private pools and never before has an instruction program for kids reached out so far into the community, according to organizers.

RED CROSS IMPRESSED

The American Red Cross is watching its progress and is impressed, Mrs. Sozzani said.

The key to the program are the local people who take part voluntarily in one way or another. Some instruct, some organize and some donate their swimming pools. Mr. and Mrs. E. B. Card of 840 Elkelton st., Spring Valley are for the second season opening their pool to swim classes so that neighborhood children can be "waterproofed." The Cards said they not only have the good feeling of knowing that they're helping to prepare the kids for what could be survival situations, but also that they make many new friends in the community. They're rarely lonely. Of a sunny summer Sunday, an amicable gathering of swimmers is at their home, Mrs. Card said.

PARENTS FEEL SECURE

Last season the backyard swim program processed about the same number of children it will this year, Mrs. Sozzani said. Probably many parents felt secure in the knowledge that their youngsters had the instruction, organizers of the free program point out.

The kids go to a private pool in their neighborhood for daily half-hour instruction periods for 10 days in a row. After that the children — some of whom might have been desperately frightened of water at the outset—are not ace swimmers but at least they know basic strokes and will be safe. (Another term used to describe what the 10-day instruction accomplishes is "drownproofing.")

The Red Cross and elementary school PTAs have proved to be a splendid team for safeguarding many thousands of kids, the backyard swim program organizers feel. The Red Cross has the know-how, the experience; PTAs reinforce this at the local level.

Program organizers look for the rest of the nation to follow suit on the program. They think the near future will see many cities backing similar plans for waterproofing and drownproofing of their children.

AT SV POOL — The county-wide backyard swim instruction program for children now is in full swing in the Lemon Grove-Spring Valley area. Among participants are Mr. and Mrs. E. B. Card of S.V. who are donating their pool to the program for the second year. In photo, Mrs. Card, on edge of pool looks on as Mrs. Eleanor Fitz (left foreground), county chairman of the Red Cross-PTA Backyard Swim Program and Mrs. Evelyn Cecelski, Red Cross coordinator show neighborhood youngsters fundamentals of swimming. The not-overly-eager boys, both six, are Ray Robinson Jr. (left) and David Boster, who will consider water an old pal by the end of instruction. Gayleen O'Dell, another six-year-old awaits her turn by Mrs. Card.

G.H.S. Eyes Budget Of $8,681,966

Trustees of the Grossmont Union High School Districts whacked $115,152 from the preliminary budget submitted for study at the June 14 meeting and adopted it in the amount of $8,681,966. The total is more than $700,000 more than the amount budgeted for the year closing July 1.

Reduction came from deletion of $53,748 for student accident insurance and $61,404 to cover the replacement of 14 custodial positions which had been eliminated for the 1961-62 school year because of budgetary stringency. The Board also directed the administration to prepare a report on proposed capital outlay expenditures for 1962-63 which could be used as a basis for further reductions.

The Board of Trustees considered presentations from the Grossmont District Teachers Association requesting consideration of salary increases for all personnel, both certificated and classified. The teachers association presented two possible teacher salary schedules for Board consideration. One of these would require a 4.2 per cent increase in funds and the other a 2.8 per cent increase. The Board postponed action on these requests until the July 9 meeting in order to further study the possibility of reductions in capital outlay expenditures.

Deputy District Superintendent Harold Hughes pointed out that the reduction of $115,152 effected by the Board would make possible a 2 per cent increase if the Board's further study showed this to be desirable.

The Board also established Monday, Aug. 6 at 8:30 p.m. as the date and time for the public [illegible]earing on the high school [illegible] budget.

The first Blue Chip Stamp store in San Diego at 73rd and El Cajon blvd. opened less than a year ago.

The increasing popularity of Blue Chip Stamps is seen in the fact that more than 19 million stamp-filled saver books will be redeemed by the Blue Chip Stamp Company during 1962 - representing 57 million dollars worth of premiums at retail price.

According to Blue Chip's records, the most popular premiums are housewares, sheets, pillow cases, bedding, towels and curtains. Baby supplies and furnishings and household furniture are next in popularity. High on the list are bathroom scales and electric appliances. Television sets are proving to be surprising redemption items.

Nine fully trained people will serve the Blue Chip Stamp-saving public.

REV. H. C. BAKKEN

"VICTOR OVER CIRCUMSTANCES"

It is easy for all of us to think that if we were some other place and among other people, then everything would be better. But we discover that the difficulties seem to move with us. There is no perfect place in this world. So, we have to learn to let Christ work in us attitudes and responses to our circumstances which will make us rise above them.

HOW TRUTH BRINGS FREEDOM FROM SICKNESS CHRISTIAN SCIENCE TEXT

How the Christ, Truth, brings freedom from sickness and sin will be brought out at Christian Science church services this Sunday.

Scriptural readings in the Lesson-Sermon entitled "Christian Science" will contain this verse from Jeremiah (17): "Heal me, O Lord, and I shall be healed; save me, and I shall be saved: for thou art my praise."

A correlative citation to be read from "Science and Health with Key to the Scriptures" by Mary Baker Eddy states (p.142): "Truth is God's remedy for error of every kind, and Truth destroys only what is untrue. Hence the fact that, today, as yesterday, Christ casts out evils and heals the sick."

Catholic Church Gets Yes-No Zone Change

SAN DIEGO (CNS)—A zone change and a variance to allow construction of a rectory were approved Friday by the County Planning Commission for Lemon Grove property owned by the Roman Catholic Church.

Variance was granted to allow building of a rectory 15 feet instead of 25 feet from the rear property line on the west side of Washington.

But another zoning variance, sought for a gasoline station on the same church-owned land, was cut down by the commission.

The request for the zone change, from apartment house use to commercial, was made for about 1,600 square feet of property where Imperial and Broadway converge at Sweetwater rd. Here permission was asked to place gasoline station pump islands 60 feet instead of 75 from the center of Broadway, and 54 feet instead of 75 from the center of Imperial.

Judith, 17, was working and couldn't come to the ceremony. Neither could Claudia, 14, who was at summer school.

The Arlie Peck family of 7896 Lester ave., Lemon Grove, are richer by $5,000 this week. They won the award in the Mayfair Market jack-pot give-away.

The couple and their six children (5 of whom are in L.G. schools) plan to buy their own home and use part of the prize money as down payment.

"We are going out to a restaurant for a meal," said Grace Peck, the wife and mother. "We've never been to a restaurant all at the same time," she said. "We've never had the money before."

Arlie, who holds two jobs to keep the family healthy and happy, is a guard at Convair Plant No. 1.

It was the family's second winning at the Lemon Grove Mayfair market. "We won $1.50 the first time," Mrs. Peck said.

"We won a folding travel iron several years ago in a Milwaukee contest when we lived there," she said.

"We won $5 in a drawing when we lived in Nebraska," Arlie added.

The children are Judith, 17, who works part time for a Spring Valley doctor; Claudia, 14, Susann, 12, Ellen and Edwin, twins, 11, and Nancy 3.

"We're going to give some of the money to our church," Grace said.

Again For Voters Registration Open

Those who would vote in the November election should register now, suggested Carl Ollermann, a deputy registrar in the Lemon Grove area.

Persons who have moved since they voted last, or those who failed to vote in the last general election must register to be eligible.

There are 11 deputies in the immediate area who are attempting to register every person eligible. Registrars are making house-to-house calls for this purpose and a knob-hanger, with the registrar's telephone number on it will be left if no contact is made.

Another innovation is that a receipt is given to each person who applies for registration. Previously nothing was given.

A registrar will make specific home calls on request. There is no charge for this service. A number to call to have a registrar make a home call is HO 3-2532.

Anyone For Medicare?

UNSOCIALIZED MEDICINE CAN BE UNSOCIABLE . . . IF YOU LET IT

by Max Goodwin

Please don't ask us to say anything nice about medicare and other socialized medicine plans.

If there are those who believe form-filling and bureaucracy won't be rampant under socialized medicine, just let them read this and then multiply these semi-socialized problems about ten-fold.

At our newspaper office we had group medical insurance. We don't have it any more. We cancelled it. One major difference is that you won't be able to cancel medicare and its auxiliary programs.

The claim wasn't much.

Just $16.

Any way you look at it $16 won't buy much medical care these days.

Neither will it buy much medical insurance.

It was with some misgivings that we signed an initiating claim form by which the impersonal medical insurance machinery is started and which runs until a payment is made or the claim is cancelled.

That's when our contact with the semi-socialized world became burdensome.

TRIGGERING EFFECT

Almost immediately there came a wad of forms from the L.G. Medical Group where the patient was treated. The new set of forms was triggered by our claim.

An envelope was supplied to facilitate the return. The envelope was supposed to facilitate the return. The envelope was too small and the wad of forms too big. It was sort of like trying to get toothpaste into the tube.

Who knew where the forms would go if we failed to use the envelope as directed?

In desperation we attached a note to Dr. Frank Hattox of the L.G. Medical Group whose name appeared on the wad of forms. "Who the h--- arranged the folding procedures on these forms?" we inquired gently.

Dr. Hattox wrote back that he didn't ordinarily answer letters containing profanity. Obviously he made an exception in my case.

He also informed me he didn't know who arranged it and would bring it to the attention of the L.G.M.C. administrator. . .and with the reply, the forms were returned to me.

Not knowing what else to do, we sent them back to him being careful not to ask any question, with or without profanity.

The forms next showed up in a communication from Aetna Insurance Co., with whom our group was insured. . .and another form had been added to the wad. We filled in some blank spaces, signed it and returned it to Mrs. C. Movido at Aetna as directed.

A week later the whole wad was returned again. It had another form attached; one that gave us 60 or 70 multiple choices. One choice had been checked. It asked the day and year the services of the insurance firm had been subscribed for.

This meant checking out files a couple of years back. Anyone with the slightest touch of goof-off should be able to wriggle out of that dreary job. We learned that many have this touch.

With 60 days having passed since the claim was initiated, we felt that the time for action had come so we turned to man's best friend. . .the telephone. We called the insurance company.

We stated our case carefully to the girl who answered. She connected us with some other girl, who, in turn, connected us with still another before it became apparent that insurance firms have two psyches. One for selling the stuff and the other for paying off. We had the sellers.

We got to Mrs. Movito right away and a charming person she was. She didn't think we'd have any trouble now that we had established this beachhead. She was so helpful that we were afraid to test her reaction to the word h--- which offended the doctor.

WILL PAY $16

There was no problem at all, she assured us. Simply write in the date the insurance was put into force, mail it in, together with the wad of forms we now had amassed and the $16 would be paid to the doctor. . .if the claim was just.

"Why don't you flip through your files and give us that date?" we urged, still attempting to avoid file-checking.

"We don't keep any files here. If we did we wouldn't have room to work. We have over 600 firms insured," she answered. "That's the reason we send out the forms."

A picture of the files we keep on more than 8,000 subscribers to our newspaper came to mind. Also came the cringing effect of an angry subscriber when we can't locate his subscription card right now! That was the solution. No cards, no anger!

We agreed to dig for the date in our files but not without asking if she would accept the call as a small protest against the growing tendency of reducing human beings to several check marks on a multiple choice check list. . .and then hiding the files?

She said, "Yes, sir."

We said "Thank you."

It has been five days now without an additional communication from anyone on our $16 claim. Neither have we received any additional forms, and that's real progress.

Agriculture Scholarships Go Begging This Year

Almost 100 State Agricultural Scholarships went begging this year State Senator Hugo Fisher reported. New state law authorized 100 additional Agricultural Scholarships for this year. There were only 102 completed applications, and of this number the majority did not meet either the financial or the academic criteria for an award. Thirty-two Agricultural Scholarships were granted.

Fisher said that he felt that this was very poor. Agriculture is one of our two great industries and we should always have a well-educated group of young people to carry on the work of the industry as it becomes more and more technical and complicated, he said.

NEW RACING CLUB TO PROVIDE SHOW AT CAJON SPEEDWAY

This Saturday, June 30 will mark the debut of the new Speedway Racing Club at Cajon Speedway, which got started on the basis of a classified ad which said: Have Track, Want Race! About 100 calls were received.

Saturday night the Cajon Speedway will be hosting the new club, the members of which will be putting on races for fans. Some club members haven't raced before, others are local names in racing.

The event is called "Claiming Stock Cars," which indicates all jalopies in the race will be available to spectators for $200 apiece.

Another feature of this Saturday evening event will be the powderpuff derby in which women vie. Racing starts at 8 p.m., with qualifying earlier.

La Pinata Cafe Opens In L.G. On Broadway

If you haven't tried chili colorado or tortas de camaron con nopales with rice and beans, it means you haven't been in the new La Pinata cafe at 7874 Broadway in Lemon Grove.

Owner Jim Ault, who runs La Pinata with his wife, Rose, and mother-in-law, Maria—both skilled cooks of Mexican food—said business has been good since they opened a couple of weeks ago. Rose and Maria Montano both learned how to cook in Mexico and cook a little-heard-of specialty dish each week.

Jim explained what pinata means—something filled with goodies—and insists that his cafe is suitably named. Besides a long list of Mexican food his house of goodies boasts American dishes and home-made pie.

La Pinata is open from 9 a.m. to 9 p.m. every day except Sunday. If you want to learn the difference between chilly Colorado and chili colorado, and if you want to know what a camaron is (without sneaking a look at a Spanish dictionary), drop by La Pinata de Rose, Maria and Jim.
